

Hi,

I just received some very exciting news from the Reno/Sparks Association of REALTORS®! After the success of previous REALTORS® Build A Better Block projects it has been decided to continue to offer this project to the community. I know what a community-minded person you are so I thought you would be interested in bringing about a positive change to a neighborhood or area.

The Association is currently accepting nominations for a neighborhood project that can be used to that will have a big impact on a community by building gathering spots; creating destinations; bringing life to downtowns; and preserving open spaces. The project needs to be new and located in Washoe County or Fernley and project nominations are being accepted from now through May 4, 2018. The winning project will receive funding, assistance to plan, organize and implement the project to make the community a better place to live, work and play.

Project Criteria

- Creation of a new public space
- Outside location
- Compliant with city zoning and permitting
- Be accessible all or most of the time
- Provide 10 reasons for the community to use this space or 10 things to do

[Click here to complete and submit the nomination form for a project you'd like to see.](#)

The Reno/Sparks Association of REALTORS® will review the nominations and narrow it down to the top 3 to 5 projects. Then the community will be asked to vote. If your project is a finalist you'll want to rally support. The winning project will receive funding, assistance to plan, organize and implement the project to make the neighborhood a better place to live, work and play.

Join me in nominating a project. Together we can build a better block.

Warmest Regards,
