

Announcing Discount Medical Services Brought to You by NVAR

Available Now

The Nevada Association of REALTORS® (NVAR) announces the NVAR Discount Medical Card available to all NVAR members today. The Card provides members with access to significant savings on a variety of benefits including prescription drugs, vision and dental care, doctor visits, vitamins and diabetic supplies, and chiropractic care.

“Medical benefits are important to our members and we are pleased to provide this excellent discount program,” said Rob Wigton, NVAR President. “The program allows us to sign-up for one low monthly fee and select from a list of services at great savings that are available to us and our families! Since this program is not insurance, it is easy to use.”

The NVAR Discount Medical Card has unlimited visits, no health care restrictions and no paperwork to fill out. If you already have medical insurance, the NVAR Discount medical Card is a non-insurance compliment to your insurance plan. Deep discounts can be attained on many things not covered by insurance or can even be cheaper than your cost through your insurance provider.

Health and wellness benefits you can choose from include:

Chiropractic - 30% to 50% savings on diagnostic services and treatments

Dental - 10% to 50% savings on everything from general dentistry and cleanings to root canals, crowns, and orthodontia

TelaDoc* - National network of licensed primary care physicians who diagnose, recommend or refer treatment and can prescribe short term acute care medications over the phone

Vision - 10% to 60% savings on exams, surgical procedures, eyewear, and contact lenses at over 12,000 providers nationwide

Complimentary benefits with package purchases:

Diabetic Supplies - Up to 60% savings on lancets, test strips, control solution, and a variety of other diabetic supplies delivered right to you

Pharmacy - 10% to 60% savings on an open formulary of medications at over 56,000 providers nationwide

Vitamins and Supplements - Save up to 80% on already low wholesale pricing of name brand vitamins and supplements through the mail

“The program gives members important options in addressing healthcare needs for themselves and their families. This is a program that is packed with value,” said Devin Reiss, President-elect of NVAR.

The program is easy to use. Sign-up is fast and simple. Locate your provider and obtain your service. The merchant will give you the discounted amount when you present your card to pay for your healthcare services. It is just that easy.

NVAR and GLVAR Director Gina Lyon has already attained tremendous savings on her prescription medications three times with her NVAR Discount Medical Card! "I've been very impressed so far with this discount card! I purchased Simvastatin, which is regularly \$76.00, for only \$24.22. The antibiotic Cefuroxime was regularly \$89.99, and I only paid \$17.91! Atenolol was only \$4.00! I usually had to pay \$58.70 for this medication before my discount card came along. This is a great product!"
